

Global COE Workshop

~ Content-Centric Networking Seminar 2008~

Place:	Research Building No. 1, 103 Meeting Room
Date:	May 22 (THU), 2008
Sponsor:	Global COE Program 「Center of Education & Research for Information Electronics Systems」
Co-sponsor:	KDDI-Research Grant - Advanced Information Exchange Technology -
Contact:	Graduate School of Information Sciences
Tel:	022-795-5856
e-mail:	secretary@aiet.ecei.tohoku.ac.jp
URL:	http://ecei.tohoku.ac.jp/gcoe/en/seminar/dataseen/GCOEWorkshop512en.pdf

Outline

Dr. Van Jacobson who is the world-wide leading researcher in the field of Internet Protocol will introduce PARC's latest research activities for new internet architecture "Content Centric Networking" proposed by himself.

Program

Chair: Kazuo Hashimoto
(Professor, Tohoku University)

9:00am - 9:15am	Opening	Fumiyuki Adachi (Global COE Program, Director, Professor, Tohoku University)
9:20am - 9:50am	Introduction of PARC	John C. Knights (PARC, Vice President)
9:50am - 11:30am	Content-Centric Networking	Van Jacobson (PARC, Research Fellow)
11:30am - 11:40am	Closing	Fumiyuki Adachi (Global COE Program, Director, Professor, Tohoku University)

Lecturers

John C. Knights, Vice President, PARC
Leading PARC's business development

Van Jacobson, Research Fellow, PARC
Leading PARC's Content-Centric Networking

Research Activities in PARC

**Electronic Materials
and Devices
Laboratory**

**Hardware Systems
Laboratory**

**Intelligent Systems
Laboratory**

**Computing Science
Laboratory**

Innovative Research Areas in PARC

[Large-Area Electronics](#)

[MEMS, Microfluidics, & Piezo Materials](#)

[Printing \(non-paper applications\)](#)

[Nanotechnology](#)

[Cleantech](#)

[Web 2.0 Knowledge Systems](#)

[Human Information Interaction/ HCI](#)

[Intelligent Control & Autonomous Systems](#)

[Intelligent Image Recognition](#)

[Natural Language Processing](#)

[Ethnography](#)

[Networking](#)

[Security & Privacy](#)

[Ubiquitous Computing](#)
