

Agreement of Cooperation

In accordance with a mutual desire to promote further international cooperation in education and research, Global COE (hereafter GCOE) Program of Tohoku University Electro-Related Departments and 111 Program of Advanced Intelligence and Network Service (hereafter AINS) of Beijing University of Posts and Telecommunications agree as follows in general:

1. Promotion of joint research and educational activities.
2. Invitation to short-term visits of program members and researchers for lectures, conferences, colloquia, and symposia or other academic activities.
3. Exchange of information and pertinent publication in fields of interest to both programs.
4. Exchange of program members, researchers and graduate students for study and research.
5. Both programs understand that all financial arrangements will depend upon availability of funds in each specific case, which may be collaboratively and/or separately sought by both programs.

The terms of joint activities, and the arrangements for specific visits, exchanges, and other forms of cooperation, will be negotiated in each specific case.

Activities and exchanges under the terms of this agreement shall be coordinated by the Director of GCOE Program of Tohoku University Electro-Related Departments and by the leader of AINS of Beijing University of Posts and Telecommunications.

This agreement will be effective upon the date of signature by the representatives of both parties. It shall be subject to review in March 2012 and shall be extended upon mutual agreement.

The agreement is made in duplicate in English, all being equally authentic.
