An illustration of four students working together at a large wooden table in a classroom. On the left, a boy in a white shirt and blue overalls is using a soldering iron on a small electronic device. Next to him, a girl in an orange shirt is holding a glowing yellow lightbulb. To her right, a boy in a green t-shirt is pointing upwards with his right index finger. On the far right, a girl in a red shirt and blue skirt is sitting on a stool, looking at a tablet. The table is cluttered with various items: a soldering iron, a small blue box, a lightbulb, a green book, and some papers. In the background, there are bookshelves filled with books and a window with a yellow star sticker.
