

Title

○ Author 1 Name, Author 2 Name*, Author 3 Name**

Author 1 Affiliation, * Author 2 Affiliation, ** Author 3 Affiliation

1. Preface

This template is used for the proceedings of Tohoku-Section Joint Convention of Institutes of Electrical and Information Engineers, Japan. Please read carefully the rules below and prepare your proceedings manuscript using this template.

2. Layout

- 1) Manuscript Paper: Use a blank sheet of A4 paper and print in portrait orientation
- 2) Margins : Top margin is 30 mm, and left, right, and bottom margins are 20 mm.
- 3) Column Setting : Choose either two or one column format.

3. Structure of Manuscript

Please write in the order of Title, Author Names (Please mark with a circle the name of a presenter), Affiliations, Text, and References. Please specify multiple affiliations of authors by adding marks such as *, **, †, ‡.

4. Character

- 1) Color: Black (A manuscript printed in color is not allowed.)
- 2) Size:

Title	14 point
Name	12 point
Affiliation	12 point
Text	10 point
- 3) Font: Times New Roman or Century is preferable.

5. Figure and Table

Figures and tables along with their captions should be placed properly in the text. Please give consecutive numbers to figures and tables.

Table 1. Table example

Electric Field	Electric Flux Density	Magnetic Field	Magnetic Flux Density
E	D	H	B

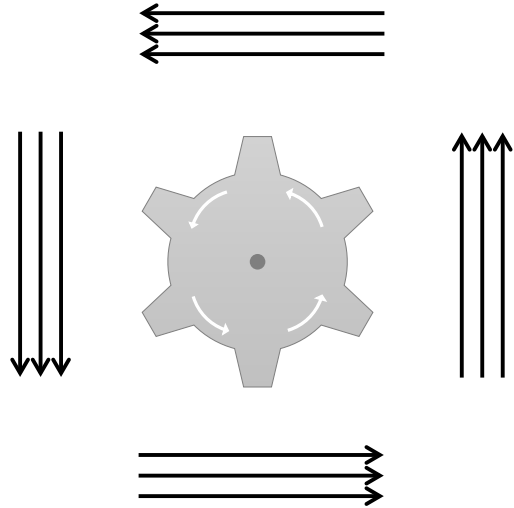

Fig. 1. Figure example

6. Equation

Equations should be centered with consecutive numbers in parentheses, flush right, as follows.

$$\mathbf{B} = \nabla \times \mathbf{A}. \quad (1)$$

When you refer to this equation in the text, refer to “(1)”.

7. Reference

References should be numbered in the order in which they appear. When you refer to references in the text, refer to the reference numbers in square brackets such as “[1]”, “[2, 3]”, and “[4-6]”.
